PYRAMID SERIES PROXIMITY®
READERS & CREDENTIALS

Pyramid P-300 Mullion Mount
Proximity Reader with Key Ring Tag

Fusing read range and speed with simplified installation

Farpointe Data is the access control industry's trusted global partner for premium RFID solutions, including proximity, contactless smart and long-range technologies.

Pyramid Series Proximity® is recognized as an electronic-security benchmark for 125-kHz OEM proximity readers and credentials. Based upon proven contactless digital radio frequency identification (RFID) technology, Pyramid products assure support with a wide range of standard electronic access control systems. Pyramid readers feature innovative, Farpointe-only features that increase security and reduce energy consumption.

Pyramid credentials, proximity cards and tags, are passive devices, eliminate maintenance by requiring no battery, and can be ordered to support several proximity reader technologies.

Benefits of 125-kHz Pyramid:
- Outstanding read range and excellent read speed
- Mounts to most surfaces, including metal
- Installs indoors or outdoors
- Supports industry standard interfaces
- Lifetime warranty on ALL readers

Innovative, Farpointe-Only Features

Pyramid Series Proximity® offers unique, Farpointe-only features that may help enhance security and reduce energy use. MAXSecure™ provides a higher-security handshake, or code, between the credential and reader that may help prevent credential duplication and ensure data integrity.

fleaPower™ is Farpointe's own low-power, eco-friendly "green technology" designed to help conserve the environment and boost long-term energy savings. While operating in fleaPower mode, readers may be powered for much longer in situations requiring back-up batteries.

Pyramid Series Proximity®
SELECTION GUIDE

125-kHz READERS	Read Range	Mounting Type					Warranty	
		Mullion	Single-Gang	Double-Gang	Parking Bollard	Euro/Asian	Lifetime	One Year
P-300	up to 6 inches (152 mm)	●					●	
P-500	up to 8 inches (203 mm)		●				●	
P-530	up to 6 inches (152 mm)					●	●	
P-620	up to 5 inches (126 mm)	●					●	
P-640	up to 8 inches (203 mm)		●				●	
P-710	up to 15 inches (381 mm)		●				●	
P-900	up to 20 inches (508 mm)		●	●	●		●	

125-kHz CREDENTIALS	Read Range	MAXSecure™	Wiegand	Magnetic Stripe	Slot-Punch	Eyelet	Warranty	
							Lifetime	One Year
PSC-1	up to 8 inches (203 mm)	●	●		●		●	
PSM-2P	up to 6.5 inches (165 mm)	●	●		●			●
PSM-2S	up to 6.5 inches (165 mm)	●	●	●	●			●
PSI-4	up to 6.5 inches (165 mm)	●	●		●		●	
PSK-3	up to 4.5 inches (114 mm)	●	●			●	●	
PDT-1	up to 6.5 inches (165 mm)	●	●				●
